WARMTH OF LOVE ♥ ORIGIN

WOLO 由一條健康監測帶（體溫和心率檢測器），一對戒指和一個應用程式組成。健康監測帶會帶在寶寶的身上，戒指由父母佩帶在手指上。

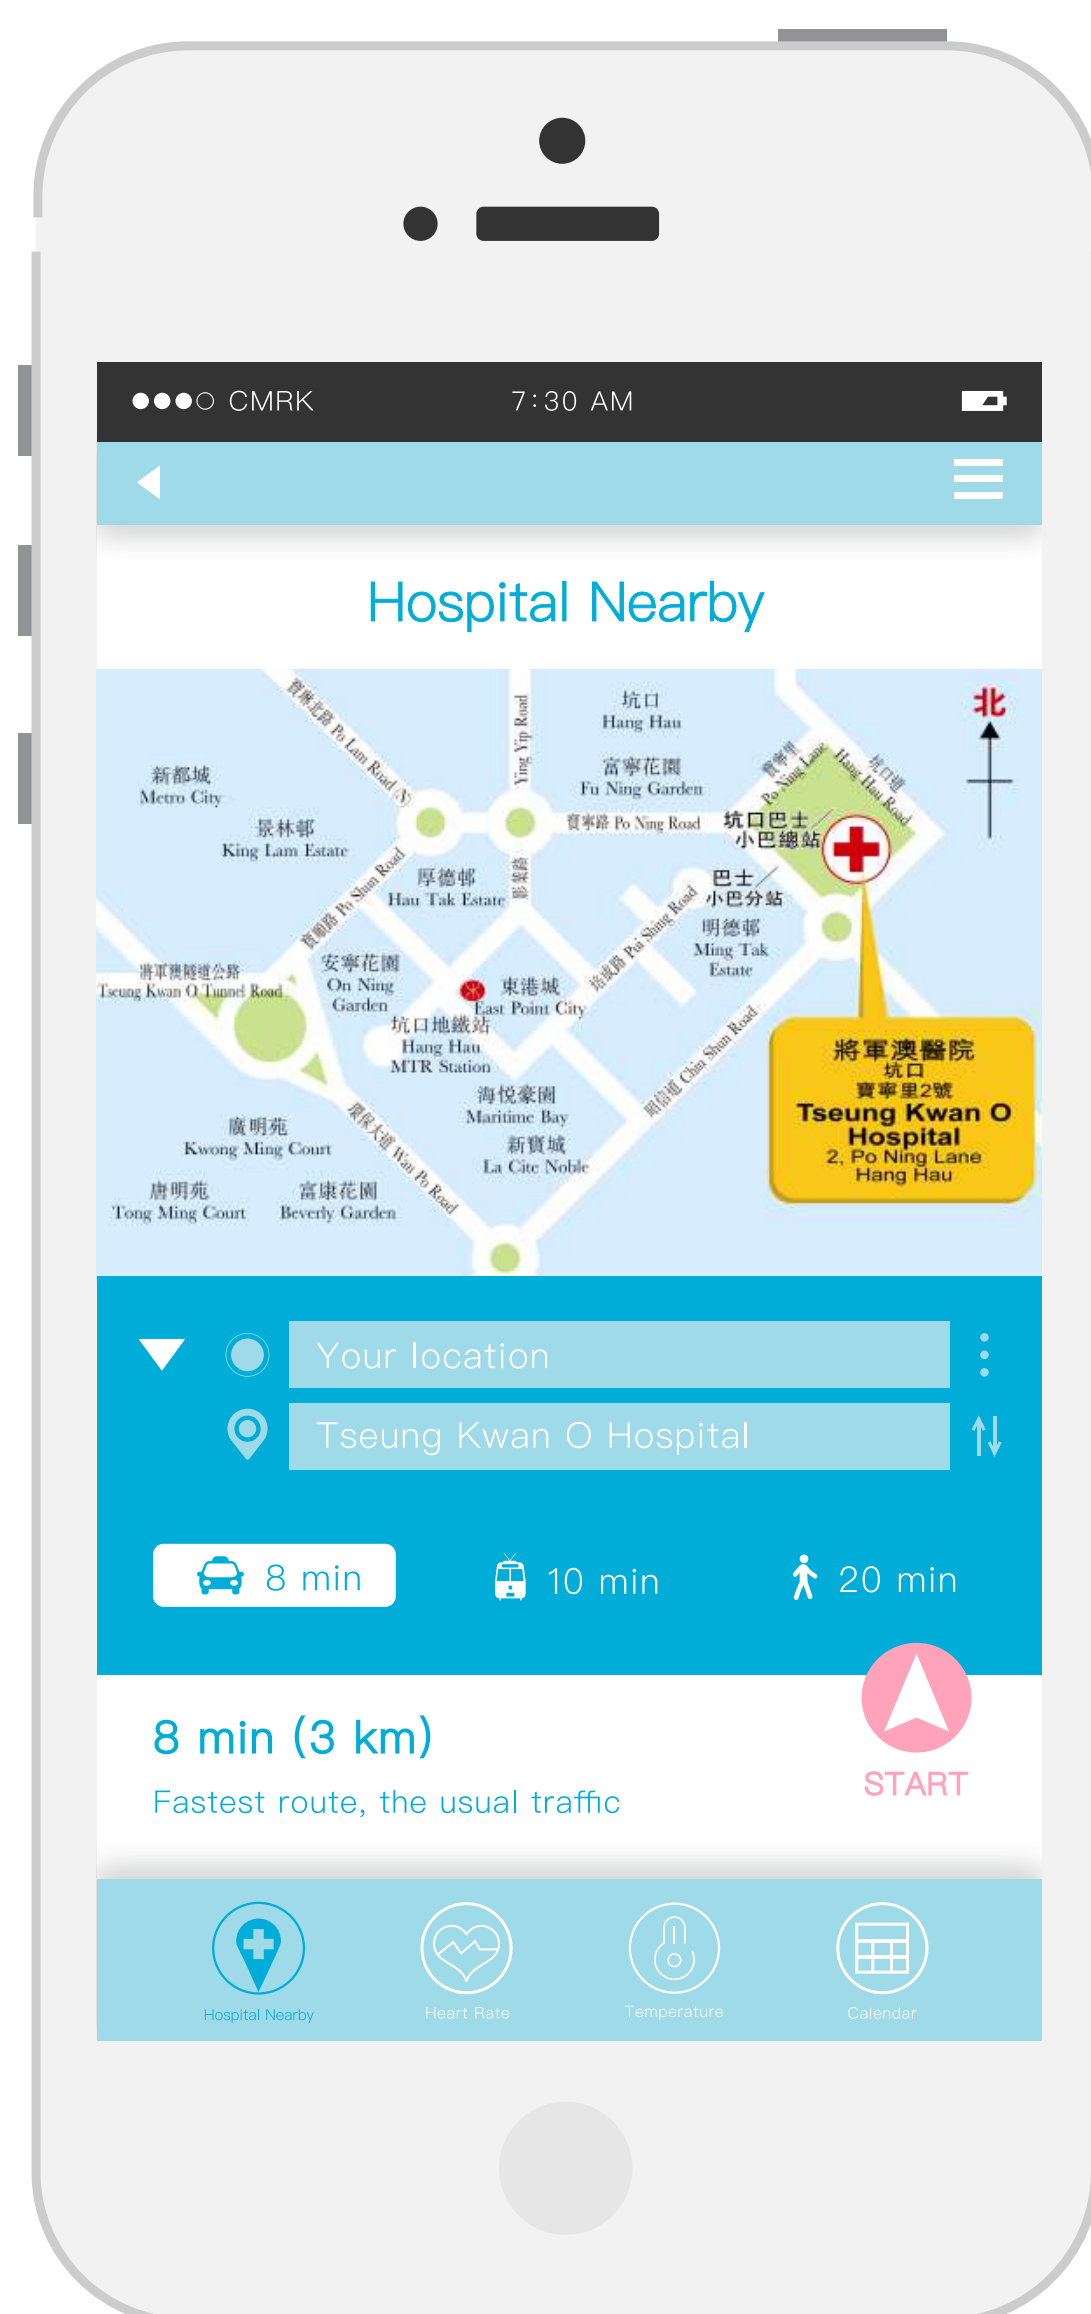

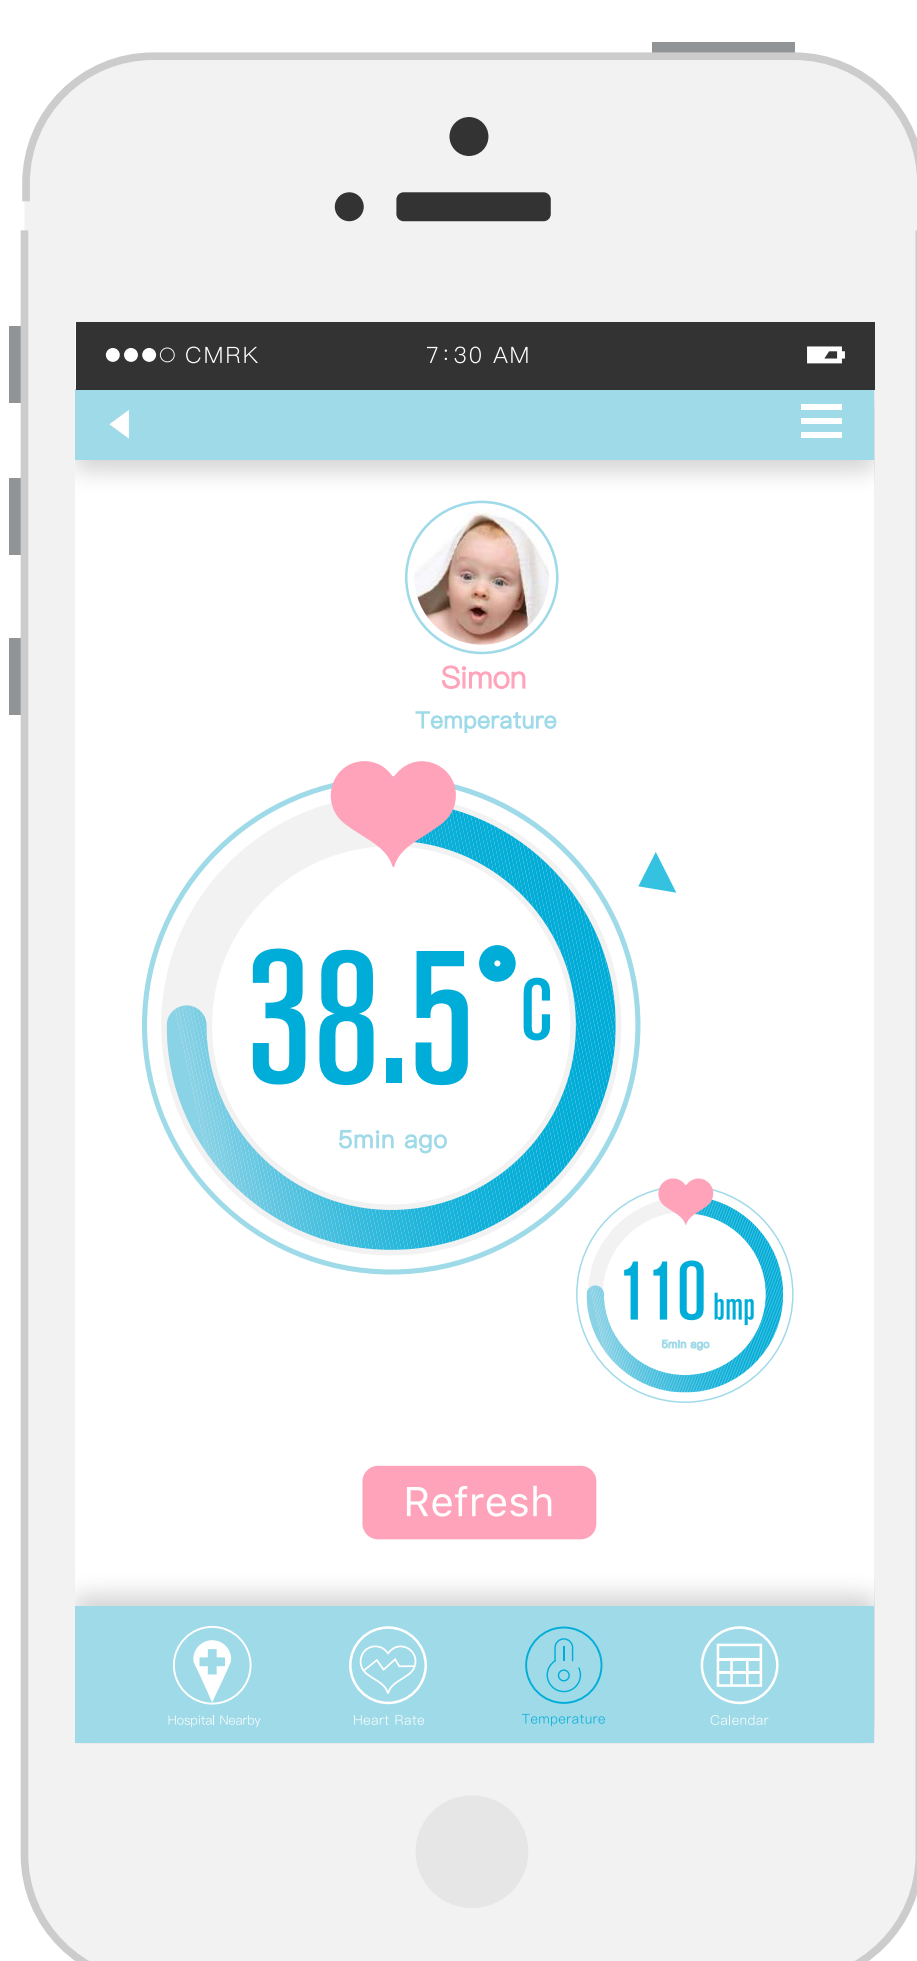

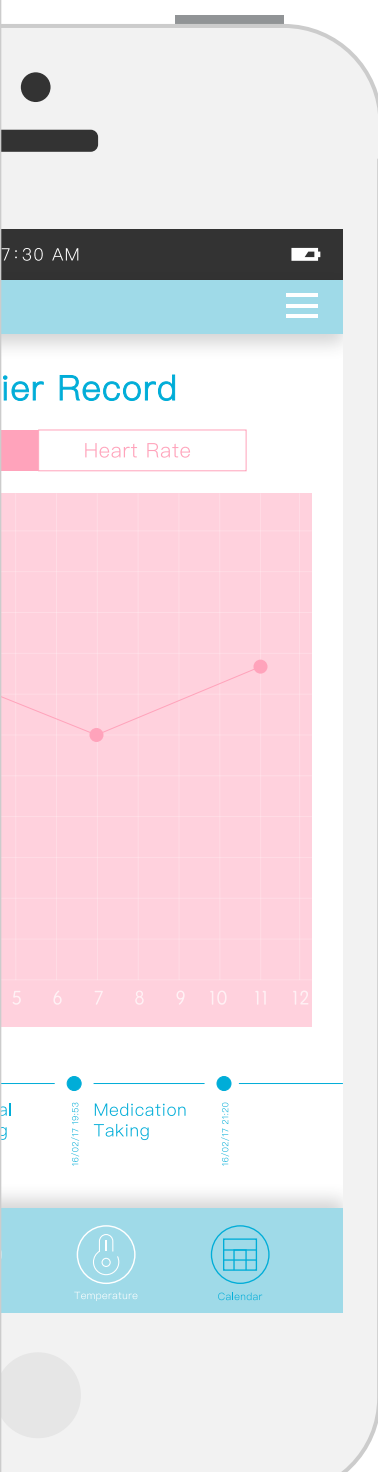

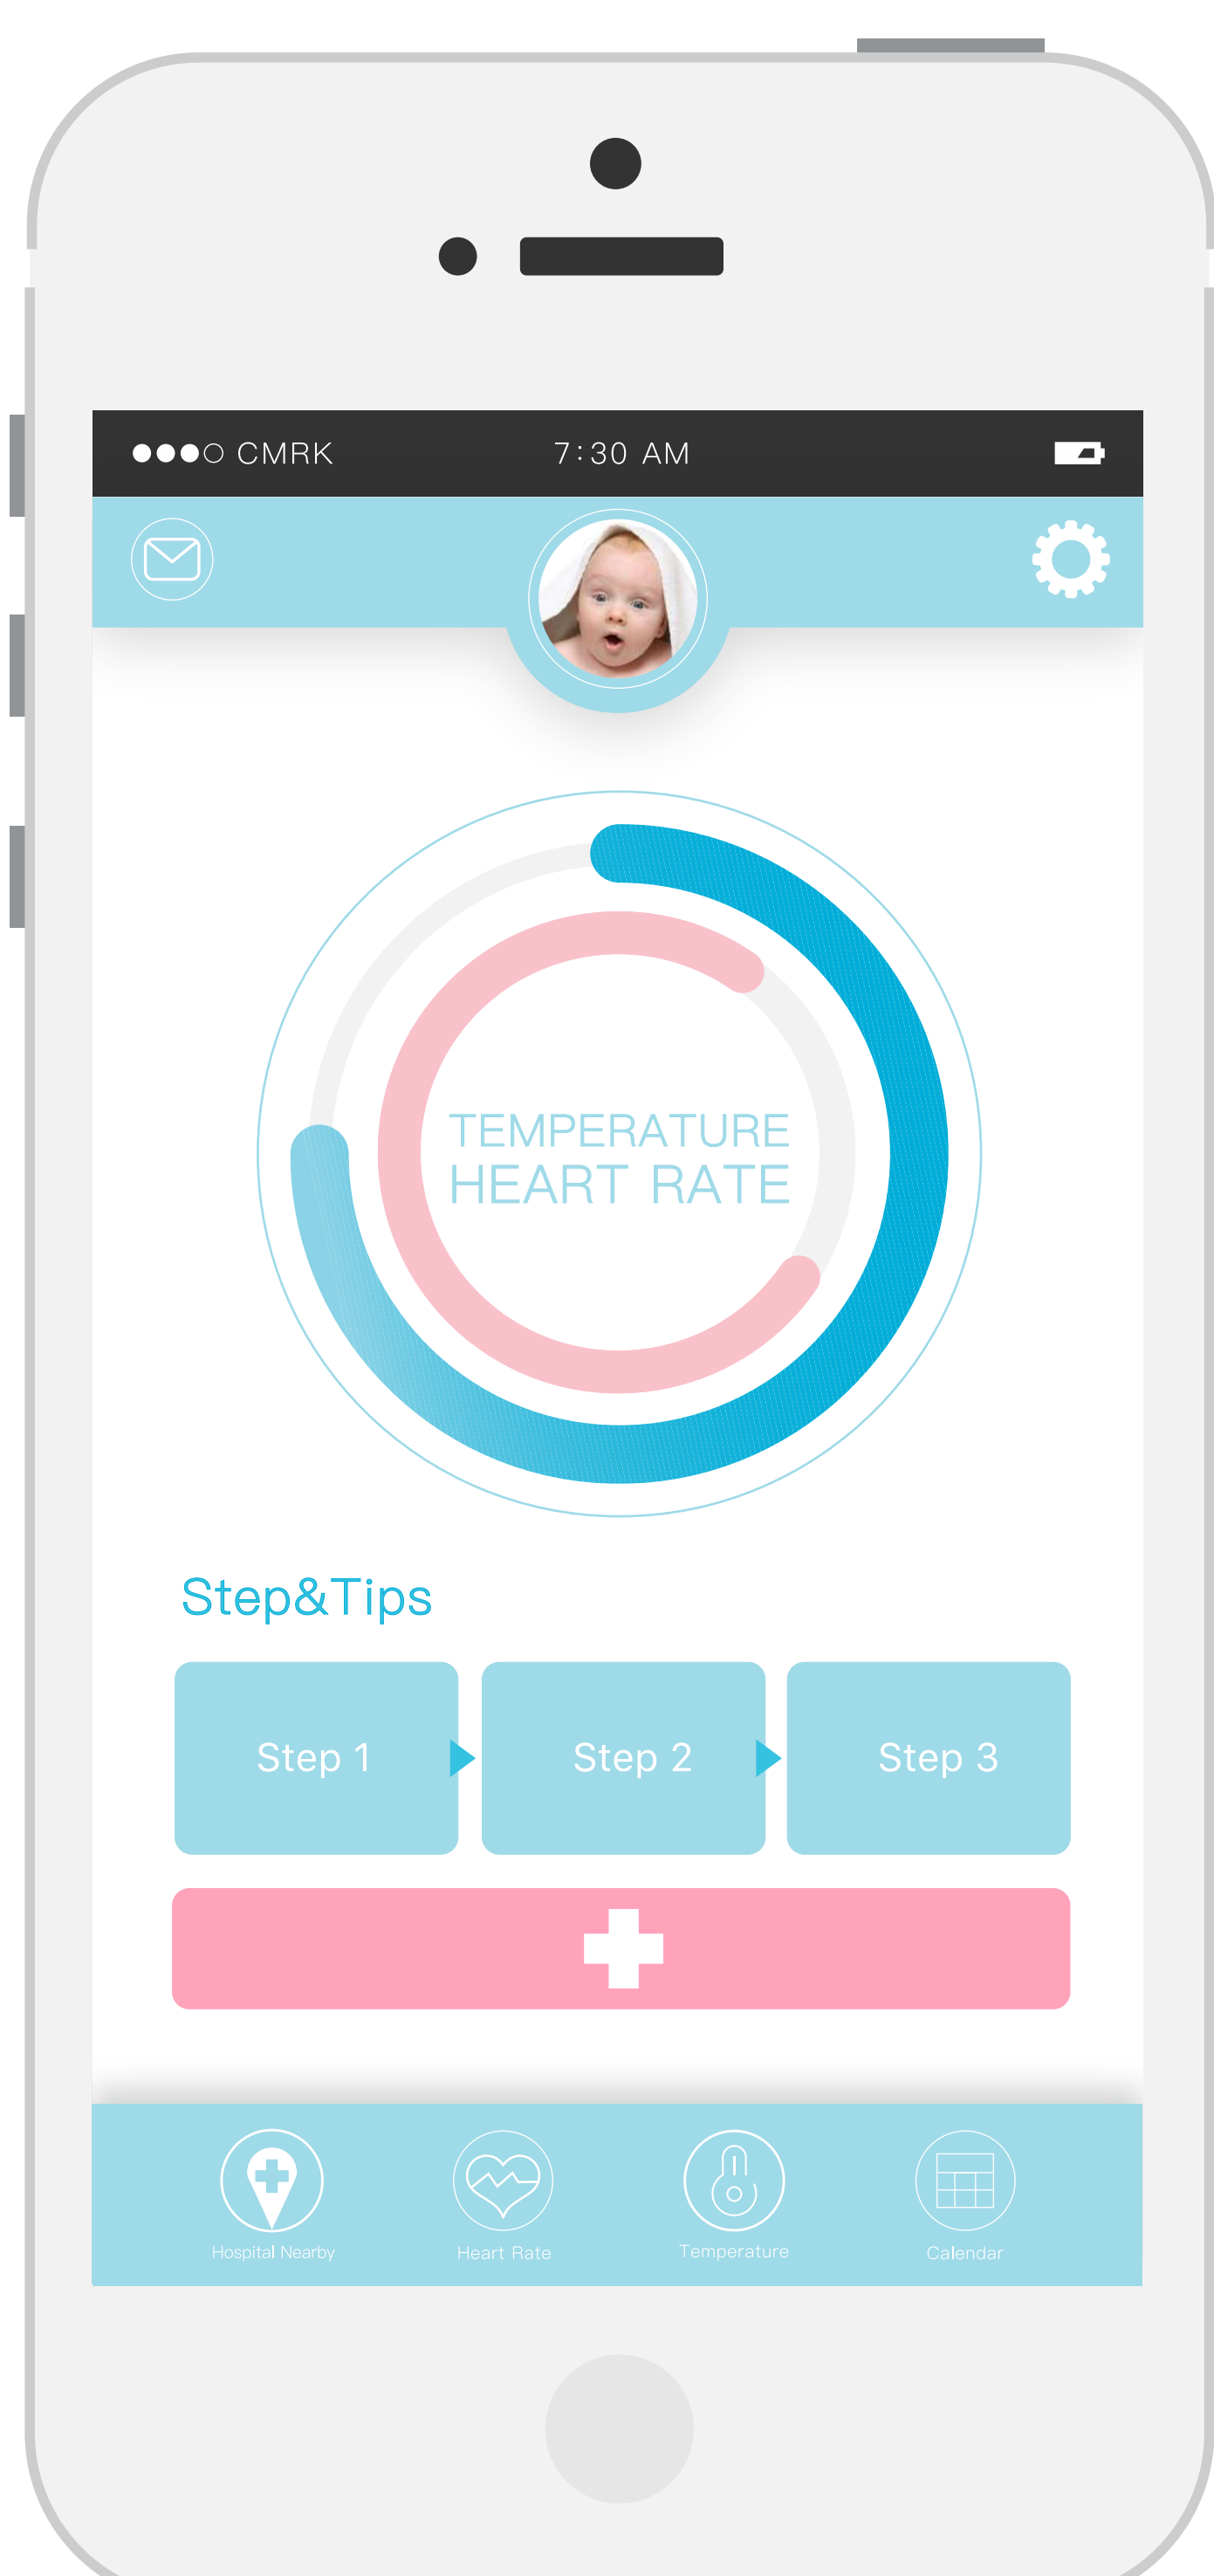

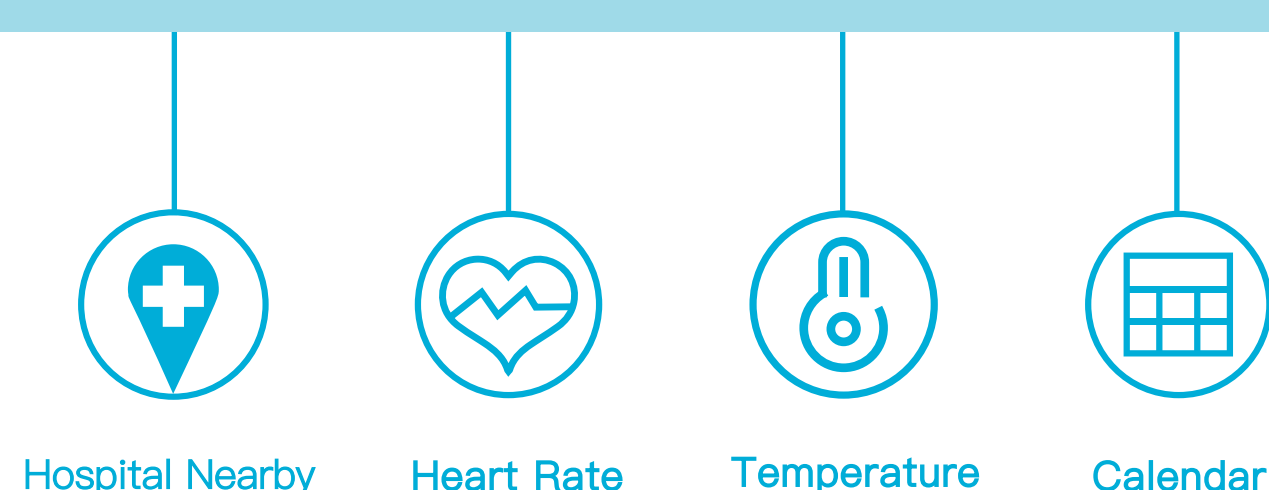

Our product is comprised of a comfortable health detecting band that contains a body temperature and a heart rate sensor, a pair of rings and a mobile application. The wearable band is designed for a baby while the rings, which receives the baby's temperature, are designed for parents.

## 手機應用程式 Mobile Application

我們的應用程式會顯示寶寶即時的體溫和心率，父母可以隨時隨地監測寶寶的健康狀況。當寶寶的體溫發生異常，應用程式會立刻顯示應對方法，並即時搜尋附近的醫院，最後紀錄是次發燒經歷以供大數據作分析參考。

Our application shows a child's body temperature and heart rate so that parents can monitor the child's health instantly. When a child has fever, the application will show various tips helping parents handle the incident and search for the nearest hospital. Finally, the baby temperature will be recorded for big data analysis.

## 健康監測帶 Health Detecting Band

健康監測帶可以實時監測孩子的體溫和心率，並透過藍牙即時傳輸至手機應用程式。

The health detecting band can detect a child's temperature and heart rate. The data is sent to smartphones automatically via Bluetooth.
