

"知知"

"爸爸媽媽你們吃飯了嗎?"

Our product is JiaJia which means " Homie" in Chinese. JiaJia is a bowl that can be used. Fingerprints of each family member is engraved on the surface of the bowl. Light will be emitted through the fingerprint on the bowl to identify that particular person is using the bowl. Our product connects family members in different places in an unconscious way. By doing so, we remind users the presence and importance of family.
